The Kentucky Press Association

Although "Old Man Winter" succeeded in establishing a new 18 year record last week, he failed to chill the spirits of the members of the Kentucky Press Association that gathered in Louisville for the annual mid-winter meeting. As the icy atmosphere sent the mercury down to 15 degrees below zero, (coldest it has been in Louisville since 1918) the ardor and enthusiasm of the editors seemed to rise with corresponding secession.

The highlight of the program was the dinner given by the Association honoring Governor Keen Johnson, former president, and former member of the Executive Committee of the Kentucky Press Association. As the Governor spoke informally to the organization with which he has long been associated, close observation of the group seemed to disclose unmistakably a very deep feeling of pride lurking in the hearts of his former fellow editors. This feeling was produced, no doubt, by the thought that one of their number had been chosen to guide the political, economic, and social destinies of the Commonwealth during the next four years.

Governor Johnson spoke to his former associates in that same honest, frank, and straight-forward manner that he has portrayed each time he has addressed the State Legislature and other audiences since he assumed the role of Chief Executive. We predict that if the editor, Governor continues to follow this style of address accompanied by a similar plan of action, he will not only remain first in the affections of the Kentucky Press Association, but will continue to be looked to by the legislators as their honest and fearless leader, and by all Kentuckians as a "good governor" in the truest sense of the word.

We found the Kentucky Pressmen to be the fine and congenial sort that we expected and appreciate the privilege of being affiliated with such splendid group.

The Great Isolationist

The roar of the lion of Idaho is silent. For 33 years the eloquent voice of the great isolationist Senator of the small state of Idaho has echoed from the floor of the United States Senate, sometimes championing a cause but most of the time fighting with all the force of his very soul some proposal. Probably, the Senator's greatest fight in the Senate was made against the League of Nations and American adherence to the World Court. In that long and bitter fight, Borah demonstrated to the world his undaunted courage and seemingly unlimited energy in opposing a proposition.

Senator Borah was a foremost authority on foreign affairs and was sometimes referred to by his admirers as the world's senator at-large. He was chairman of the Foreign Relations Committee in the Senate from 1925 until the beginning of the Roosevelt administration. Although the British called him "anti-British" and the French said "he comprehended nothing of Europe," yet the British, the French, and all of Europe demonstrated more interest in Borah's statements than they showed in pronouncements made by the president that happened to be in power.

We shall not attempt a prediction on the position future history will accord Senator William F. Borah of Idaho. We do say, however, that the future recorder must write, he was a national figure for 33 years, that he possessed a broad international viewpoint, undaunted courage to fight alone if necessary, a keen conscience and the will to follow its lead, and the burning desire always to defend the cause of the little man.

Churches to Hold Special Services in Paralysis Cause

Prayers to Be Offered For Those Afflicted With Disease

Congregations throughout Calloway county are expecting to join with others of the nation in observing January 23 as Infantile Paralysis Church Sunday. It was announced by A. H. Kopperud, county chairman of the Committee for the Celebration of the President's Birthday.

Prayers will be offered on that date, two days before the birthday of President Roosevelt, for those afflicted with the dread disease, and clergymen of all denominations will appeal for support in the "Fight Infantile Paralysis" campaign now in progress.

The campaign is being carried on in this county through the March of Dimes and other features of the drive for funds.

The idea of setting aside a certain Sunday upon which to call attention to the campaign originated last year and met with hearty general approval of churchmen throughout the nation.

Religious leaders have been unanimous in declaring that the purposes of this humanitarian campaign go hand in hand with the spiritual faiths which they hold.

The year 1940 marks the 100th anniversary of the discovery of the disease, which is believed to have been prevalent centuries before that. Only in recent years, however, have the people of this country banded together in a national movement to combat the mysterious malady.

"Another Spring" Is College Play

Sock and Buskin Club to Present Play Monday, January 29

"In the spring a young man's fancy lightly turns to thoughts of love,"—Shakespeare.

With this attractive theme as its subject, "Another Spring," latest Sock and Buskin effort, should draw many young couples interested in the subject, and some older ones who like to reminisce. The play is scheduled for Monday night, January 29, at 8:15 o'clock.

The play has a theme as old as time—that of re-incarnation. It is written in an attractive, sentimental fashion by Miss Priscilla Wayne and Wayne Sprague.

Club technicians have been in research trying to unearth a Revolutionary War set—costumes and all, for the initial scene of the show.

Murray High School Senior Notes

By Henry Adams
The subject of the Seniors' Home Room period Wednesday was "How to Organize Your Work." Virgil Robertson and G. W. Gardner had charge of the program.

After the scripture was read by Jack Durick slips of paper were given out and each senior wrote out how he or she spent the day and then they were read to the class.

The senior high 1-act plays are scheduled for Friday week. The seniors' play will be "Billy's Coming," the juniors' "Who's Crazy Now?" and the sophomore play will be titled "A Bachelor's Baby." The proceeds from the plays and the noon lunches will be used for the annual.

Strawberry growers in Calloway county met recently to arrange for uniform grading, better boxing and labeling, and advertising.

Ten Years Ago This Week

From Our Files

January 24, 1930
Asbury Redden and Oscar Shoemaker, both carriers of Murray office, have just completed twenty-five years service and celebrated it by giving the treats to the office force and rural carriers.

Calloway county's oldest citizen is dead. Mrs. Mary Ray, who attained the rare age of 102 years and enjoyed perfect health throughout the greater part of her life, succumbed to cold and complications last Thursday at her home on the Murray-Coldwater road near Stella.

The 32nd annual Bible Institute of the Murray Baptist church will open here Sunday, February 9. It is announced by Pastor H. B. Taylor.

Wells Overbey, member of the debating team of Murray State Teachers College, received a fractured collar bone when the motor in which he was riding skidded and overturned on the highway near Henry, Tenn., Tuesday afternoon. Others occupants of the car were uninjured.

Rieke Clark, 13, is Best Speller in Calloway County Bee Here

Defeats Edwin Stalls, Who Stumbles on "Musician"

Rieke Clark, 13, son of Mr. and Mrs. J. H. Clark of Faxon, coupled a willing tongue with a knack for sounds and letters to win the Calloway county spelling championship here Saturday afternoon and to qualify to represent the county in the State contest in Louisville come April 4.

During the last five minutes, only young Clark and another 13-year-old lad, Edwin Stalls of Vandevan, son of Mr. and Mrs. Monroe Stalls—had the floor.

They twisted their tongues around difficult syllabifications, but then suddenly from the lips of Mrs. Reba Miller, who was pronouncing came the word "musician."

Edwin's reply came swiftly, but he recognized his mistake too late, and the judges gave the word to Rieke. He spelled it with perfect composure.

"According to the rules of the contest if Rieke had missed the word too, both would have continued to spell, or if Rieke had misspelled the next word offered, the contest still would have continued. After the word with which he had down Edwin, Rieke spelled "decision" and clinched the decision.

Judges of the spelling were Vernon James, Bessie Patton, and Pauline McCoy. Supt. T. C. Arnett was in charge of the proceedings, and the Ledger & Times was sponsor of the annual event. It will bear the expenses of young Clark's trip to Louisville to compete in the state tournament.

Ranking third in the contest was Miss Nell Clendenon, Almo, who misspelled "afterwards." Miss Faye Smith of Chestnut Grove was going good until she failed to navigate the word "dining," and Bobbie Grubbs of Macedonia carried off fifth place honors with the word "frightened," although she was not a bit that way. Sixth place went to Frances Rogers of Lynk Grove, who failed to get past "meant."

Blakely, Center Ridge, Landon Palestine, Rosin Ridge, Shady Hill, Stone, Thompson, Woodlawn, Backsburg, Dexter, and Calloway water schools failed to provide contestants.

Twenty-six persons competed. Outside of the first six, other persons taking part in the contest, the schools they represented, and the words they misspelled follow:

Julia Ramsey, Brooks Chapel, "meant"; James Heath, Cherry Hill, "Physiology"; Lavella Hodges, East Shannon, "factor"; Maud Ross, Heath, "fence"; Laura Kirk Ridge, "fried"; Laura Nell easily and rested well.

Senator Borah Dies at 74 From Cerebral Stroke

WASHINGTON, Jan. 25.—William Edgar Borah of Idaho, Sen. of the United States Senate, died Friday night at the age of 74.

His death followed a cerebral hemorrhage, with which the gray-haired veteran statesman was stricken about the time he suffered a fall at his apartment here earlier in the week. It was not known whether the hemorrhage caused the fall or resulted from it.

The Senator was unconscious when Mrs. Borah found him lying on the floor of his bathroom. He regained consciousness only rarely thereafter, sometimes calling for "Mary," his wife, was constantly in attendance. Visitors to his bedside said his final hours seemed easily and rested well.

Letter To Editor

Benton, Ky.
January 23, 1940
Dear Editor:

As Moderator of Blood River Association I am making this appeal to our Baptist people in behalf of Bro. Lloyd Wilson. Many of you know already that last Thursday night, January 18, that Bro. Wilson lost his home and its furnishings. We are asking that all who care to, rally to his support and give him whatever you care to that he might get back to

housekeeping as soon as possible.

There is an effort being put forth among the membership of his churches to have those who have trees to give him a log each to be saved into lumber. If those who have the trees can do this, his home can be replaced and no one will be hurt. If you do not have the timber and want to help in the rebuilding work, this also can be used. If you cannot do either of these and can give money this will also be very much appreciated. Because it will be necessary for him to have some money regardless of what else may be given.

We are asking those who are closer to Murray to send their offerings or anything you may have to give to either Bro. Sam P. Martin or to Bro. Wilson himself. Any one near Benton who may wish to give him something may leave it with the writer at Heath's Hardware and Furniture Company and we will see that he gets whatever it may be.

We also ask any outsider who may care to do so to help Bro. Wilson. Anything that is done by anyone will be deeply appreciated by Bro. Wilson and his family and also by the people in our Association. Bro. Wilson did not ask me to do this, I am just doing

it because I feel that it is an opportunity for all of us to do a very helpful piece of work for our Lord.

Thanking you for your loyal support, I am,
Sincerely yours,

James H. Vinson

Is Buried Sunday

James Henry Vinson, 80 years of age, a prominent retired farmer of the Rushing Creek community, passed away at his home Saturday following an illness of two and one-half days. Mr. Vinson had always had excellent health, he had never been confined to his bed more than a half a day until a few days preceding his death. He was born December 9, 1859, in this county, a son of the late Balous and Amanda Thomas Vinson. Mr. Vinson had spent all his life in this county except three years he lived in Kentucky. He also died on the same plot of ground on which he was born. The old house in which he was born still stands but has been rolled back and a more modern one has taken its place. In 1880 he was married to Alice Futrell. To that union were born five children, of which two survive—H. C. (Bub) Vinson, Murray, and Mrs. Plomer Griffin, Model, Tenn. In about 1890 she departed this life. He was then married to Minerva Williams Dildy. To this union was born one son, Roy Lee Vinson, of Model, Tenn.

In addition to his wife and three children, he is survived by one brother, Charlie Vinson, Model, Tenn., and one sister, Mrs. W. S. Bailey, of Cumberland City, Tenn. Funeral services were conducted from the home Sunday at 2 o'clock by the Rev. J. H. Thurman of Murray. Singing was rendered by a quartet composed of J. B. Wofford, Ray Nelson, Aubrey Cook and Synthie Allen. Burial was in Henderson cemetery.

Active pallbearers were Marvin Allen, Loyd Vinson, Arthur Vinson, Tommie Vinson, Dee Vinson and Oscar Vinson.

Thoroughbreds to Meet Conway and Morehead Here This Week-End

Improving swiftly with every game, Murray State College's Thoroughbreds were confident today they would improve their conference rating Friday and Saturday nights of this week when they take on Arkansas State College of Conway and Morehead of Kentucky, both games to be played here.

With Tuesday night's crushing defeat of West Tennessee, 66-34, the Racers gained revenge on one of the teams that had beaten them this year and at the same time made their season's record exactly 200 with a total of five games won and five lost.

West Tennessee, with a fast breaking offense, could not compete with the fast play of Culp, McKeel, and Washer for the Thoroughbreds, nor could it stand the pace set by the numerous substitutes Coach Cutchin put into the game.

Murray has already this year been victorious over Conway, defeating the Arkansans 34-23 in the Southern's stronghold. Saturday night's conflict will be the only game to be played with Morehead this year in regular season competition.

Graham to Be Host at St. Louis

Prof. Carmon Graham, principal of Training School, has been invited to be host at a conference of the National Association of Supervisors of Student Teaching which is to meet in St. Louis, Mo., February 26, at 2 o'clock, in connection with annual meeting of the National Education Association.

RUDY ALLBRIITTEN HAS CAFE OF TASTE

Chinese Red and Chrome Motif To Be Furnished By J. A. Brucken Co.

When Rudy Allbritten decided to give to Murray a restaurant, he really went all the way and gave them one of which they can be justly proud.

Securing the services of a competent equipment engineer whose ideas were combined with his ideas, plans were made which called for a complete installation by the J. A. Brucken Company, Inc., of Evansville, Ind. With a Chinese red and chrome motif this new cafe is really modern and up to the minute.

Helene Curtis chrome booths done in Chinese red backs and darker red seats with blisterproof table tops furnishes the seating down one wall of the building. Along the other wall is Brucken-Bilt back stands, service counter and beautiful chrome stools with leatherette upholstered seats. Down the center is a line of very expensive blisterproof tables with chrome legs all in harmony with all the surroundings.

One of the features of this new cafe is a refrigerated meat display case which is placed in plain view of the customer and he is permitted to see what is going to be cooked for him before it is prepared.

Another feature is the Inca Shenggo china, a color taken from the old Indian days and made on the finest hotel and cafe chinaware available.

Another feature of this new cafe is the twin black and chrome coffee urn. These were announced during the National Restaurant Show at Chicago in October and are the newest and most sanitary coffee urns available today. The factory reports demands from the entire country for this new modernistic urn.

The Brucken engineer who supervised the installation of this new place stated "We are justly proud of this installation. Mr. Allbritten is one of the few customers who permitted us to go all the way in giving him everything necessary to have a wonderful place and give the utmost degree of service."

in the sun room before tall seven-

branched floor standards holding

burning pink and blue candles.

pointed in the chosen color scheme

of pink and white, and was velled

with an imported Chinese em-

broided cloth. Its central de-

coration was a mirror plaque out-

lined with pink carnations and

tern in the center of which stood

a miniature bride and groom

under an arch formed of a large

wedding ring decorated with

orange blossoms. Flanking this

were four tall white tapers burn-

ing in low silver candlesticks.

PILOT OAK AND KUTTAWA ARE PICKED BY INTERNATIONAL CLUB

Murray State College Organization
Selects Teams for Purchase-
Pennyrile Test February 8

Pilot Oak, representing the Purchase, and Kuttawa, representing the Pennyrile, will be invited to compete in the annual Purchase-Pennyrile basketball classic at Murray State College February 8. It was announced by Edd Kellow, tournament manager.

The teams were selected Tuesday afternoon. Kuttawa has lost only one game, by one point to Calvert City. Pilot Oak, likewise, has suffered only one defeat.

The No. 1, 2 and 3 teams of both the Purchase and the Pennyrile will receive invitations to play each other in respective ranking order, Kellow said. If all six teams accept invitations, Sharpe of the Purchase would play Hughes-Kirkpatrick in the No. 2 game, and Murray Training School of the Purchase will play Wheatcroft of the Pennyrile in the No. 3.

The classic is sponsored annually by the International Relations Club of Murray State College. Paul Lemons is president of the club; G. B. Johnson, business manager; Shirley Castle, vice president; and Kellow, manager. This will be the fourth annual game.

New Scoreboard to Be in Action For St. Xavier Game

A new scoreboard, combining features for telling the playing time, the score, and the quarter, has been installed in the high school gymnasium and will be used for the first time in the St. Xavier game Friday night.

The board, featuring a system of electrical bulbs, has 110 electric circuits, a rotary switch, and a dial similar to that of a radio. The numbers indicating scores are displayed by lighted bulbs in the forms of the numerals.

The contrivance was designed and constructed by the manual arts class at Murray high school under the supervision of Prof. Ardath Canon. Boys who took special action in the work were Fred Millon, Louis Starks, and Dewett Brown. Cables for connecting the various wires, etc., were furnished by the Murray telephone company. The board is 3'x6' in size.

DEALER RECEIVES CARLOAD OF NEW FORD TRACTORS

A prediction that the carload of new Ford tractors now enroute to Murray from Louisville would be the forerunner of more were expressed by Stokes-Smith Motor Company, on Robert Smith and Edwin Stokes' return from a meeting of Ferguson-Sherman Manufacturing Corporation dealers in that city on January 17.

"The meeting was a tremendous success," said Mr. Stokes. "It brought home to me more clearly than ever before the revolution in agriculture which the Ford tractor with Ferguson system will make possible."

Louisville gave the dealers a great welcome. Mr. Stokes said, a special trainload of the tractors

was run from Dearborn, Mich., to that city. It arrived the day before the meeting and was placed on display near the center of the city. In recognition of the importance of the occasion, E. J. O'Brien, president of the Louisville Board of Trade was on hand personally to greet the engineer of the special when it pulled into town.

The new tractors and implements are now on display at Stokes-Smith Motor Co. Mr. Smith is particularly anxious to have local farmers drop in when they are in town, examine the tractor, the new Ferguson implements and the finger-tip hydraulic control system. "On the farm," demonstrations will be arranged as soon as possible, he said.

Proposed Chain Store Tax is Called "Vicious Class Legislation" in Hearing

FRANKFORT, Ky., Jan. 25.—The administration's bill, license chain stores was attacked as "vicious class legislation" Monday at a public hearing conducted by the House committee on revenue and taxation.

A. J. Carroll, of Louisville, counsel for the Great Atlantic and Pacific Tea Company and the first committee witness, declared the bill's statement of its purpose was "a sham and a fraud" to "bolster up a palpably unconstitutional measure."

Quoting the message to the legislature by Gov. Keen Johnson, who attended the hearing, as saying one group should not be taxed to benefit another, Carroll shouted:

"This is as vicious a piece of class legislation as I know of. It certainly seeks to benefit one class to the detriment of another."

Purely Money Bill
Carroll said the bill "was designed purely as a revenue measure, but to avert the effect of its two predecessors that were held unconstitutional by the courts, it invoked the state's police power in its preamble."

The police power, he added, cannot be invoked except to protect the public health, morals, safety or general welfare.

"No one can contend," he shouted, "that chain stores injure the health, corrupt the morals or jeopardize the safety of anyone—and that leaves just one more thing to be mentioned—the general welfare."

"There is not a community in the state where a chain store operates that hasn't benefited from the store, and he benefits have reached those needing them most."

'Hold Down Costs'
"If it weren't for chain stores, the cost of living would be materially higher in every section of the state."

Carroll said the bill charges chain stores with doing things harmful to the taste and the people, but that instead of trying to prosecute for the alleged wrongs, the state in the bill is saying "You can keep on doing them if you pay us for the privilege."

Roll Call Drive Is Termed Success

Austin, Mrs. Melugin, and Carter Praise Work of Citizens in Drive

A. B. Austin, Roll Call chairman of the American Red Cross in Calloway county during this season, said today the success of the recent drive was the most satisfactory of any in recent years.

Mrs. Bea Melugin, executive secretary of the Calloway unit, has announced that \$700 were raised by the local chapter in the Roll Call drive, and she verified the view that the amount was considerably more than that of last year.

The two officials praised the work of Mrs. Edd Duiguid, city chairman, who united civic groups in the city into a working organization which proved the most effective organ yet organized.

Zeina Carter, president of the county chapter, expressed his enthusiasm for the work accomplished, and predicted constructive work by the chapter in the county this year.

In a statement today, Austin declared: "My friends in Murray and Calloway county have made it extremely easy for me to act as their chairman in this annual Roll Call drive. Their cooperation has been of the highest type. I appreciate every encouragement, every bit of active support, and every contributing thought which any of you manifested in the drive's behalf."

Almo High School

Our news is scarce this week. The weather has been too severe for gossip.

Ruby Nell Clendenen won third place in the spelling bee which was held at Murray last Saturday. Mr. Baugh and Miss Jones are busy working with the students that are to represent us in music at Lynn Grove. Our debate team attended the field day for high school debate teams at Murray State College last week. They reported a pleasant day besides gaining valuable information on the art of debating.

The Almo Warriors won over the Centertown boys by the score of 28-20. The second team also won by 11-4. Our boys were victorious over the Faxon team to the tune of 43-16. The seventh and eighth grade team met the Vance team on our floor last Thursday night. Our boys were defeated by the score of 10-20.

Our teams go to Kirksay Thursday night, January 25, for games with Kirksay's Eagles.

Johnson's Band to Play at Paris President's Ball

PARIS, Tenn., Jan. 25.—President Roosevelt's birthday, January 30, will be observed in Paris with what is expected to be the largest President's Ball ever held in this territory.

James H. Reynolds, chairman of the Henry County Committee for celebration of the President's Birthday, announced today that the annual event will be held in the Paris municipal auditorium, with music by Ray Johnson and his "sweet sway rhythm" orchestra. It will begin at 10 p. m.

Proceeds of this dance, as well as those from the March of Dimes campaign now under way, will go to benefit victims of infantile paralysis. Similar drives are in progress over the United States.

Fire Destroys WPA Offices

Fire early this morning gutted the Buren Overbey building on East Maple Street, occupied by the WPA as offices. The fire department answered the alarm about 5:40 a. m. The fire is thought to have started from defective wiring in the room on the second floor, occupied by the certifying officer for the WPA. It is unofficially reported that all case records of the people on WPA in this county were destroyed, but those on the WPA rolls will continue to work as before. No official statement on this matter could be secured at press time. Some clothes made by the WPA sewing project and stored for people in the county were damaged. Some of the records, may be available after undergoing a complete renovation.

Damage to Mr. Overbey's building was estimated from \$750 to \$1000.

A Clark county farmer is fattening cattle on black strap molasses, corn, clover hay and corn stover.

Wilson Home Burns On Coldest Night

Fire completely destroyed the home and contents of the Rev. Lloyd D. Wilson on the Murray-Benton highway, about two miles from Murray, last Thursday night.

Mr. Wilson, his wife, and their two children, Alene and H. W., and Miss Opal Blacklock, who was spending the night in the Wilson home, were awakened barely in time to escape the burning house in their night attire. All of the occupants, however, did manage to get on householders or shoes of some sort, except Miss Blacklock and H. W. who rushed out of the building into the snow and wintry wind barefoot. Mrs. Wilson's hair was slightly singed by the flames.

The origin of the fire was thought to be a defective flue, or overheating, as Thursday was the coldest day recorded thus far, the temperature dropping to eight degrees below zero Thursday night.

Mr. Wilson had fired heavy all day.

WEATHERMAN SAYS NO RELIEF SOON

Another Cold Wave Reported to Be on Way; Three Below Zero Here This Morning

The weatherman promises no relief from the wintry blast before the first of next week. The report is that there is another cold wave forming in the McKenzie valley, Canada, and is headed in our direction. The official temperature reading here this morning was 3-below zero.

With the ground covered with snow and ice since last Thursday, the mercury has ranged from eight degrees below zero to 10 above. Extremely low temperatures cover the mid-Atlantic states and extends far into the south giving Florida and Georgia a taste of winter weather. The Georgia fields that are white with cotton in the good old summer time are now white with snow. The valuable citrus fruits in Florida are endangered by the cold. Old Man Winter is really on a spree.

ST. XAVIER TO PLAY MURRAY HIGH HERE FRIDAY NIGHT

Games is Scheduled to Be Played in High School Gym

Last Defeat of Louisville Squad by West Kentucky Team Was By Sharpe in 1938 High School Tournament in Lexington

Coach Bob Schuhmann will bring his St. Xavier Catholic school Tigers from Louisville to meet the Murray high school Tigers in the high school gymnasium Friday night at 7:15.

It will be the first time since the two schools were established for them to meet on a basketball court. Both will carry imposing records into the game with them.

It will be Tiger against Tiger. Beaten only twice this year—those lickings coming at the hands of Speed, Ind., High 52-32, and Male High of Louisville 35-25, the St. X. Tigers have ten victories to their credit. They have beaten St. Joseph's Prep 27-23; Eminence 22-19; Lawrenceburg, 30-26; Charlestown, Ind., 34-15; Valley, 47-37; Brooksville 43-35; Central City 36-26; Manual 32-24; Valley, 18-17; and St. Joseph's Prep 45-25.

The last Western Kentucky squad to beat the St. X squad was Sharpe high school in the semifinals of the high school tournament in 1938 when it won the State championship.

Loser of only one game—that to Tighman of Paducah on an off-night 25-19—Murray will take a record into the conflict just as good as the Louisville team. Coach Preston Holland's Tigers have beaten New Concord 27-23; Sylvan Shade 35-5; Wickliffe, 30-28; Benton 23-17; Mayfield, 35-30; and Fulton 25-15.

Bob Schuhmann, coach of St. Xavier, is a graduate of St. X himself and attended Loyola University in Chicago. From Loyola he came back to St. Xavier as coach and is now in his seventh year in this capacity. His record there has been impressive. He has won two National Catholic championships, in 1935 and 1936; won the state tournament in 1935 and has represented the Louisville region in Lexington for the past three years, advancing to the semifinals of the State tournament in 1937 and 1938.

According to Schuhmann, the team this year is fast and experienced, although small. Four of last year's regulars are starters this year.

They are Captain Giesler, a senior, playing his third year varsity competition. He was a sub on the 1938 St. X team which lost to Sharpe and which won the National Catholic Tournament in Chicago; Keiffner, a senior, playing his third year on the varsity; Bell, a junior, playing his first year; Ewing, a senior, playing his second year (he is the tallest man on the Tiger squad, towering 6 feet three inches); and Walsh, a senior, high scoring pivot man and leading scorer in Louisville, playing his third year on the varsity.

Others, playing their first year on the varsity as substitutes are Gelthaus, a sophomore; McSweeney, a senior; Schroer, a junior; and Nolan, Warren, Wells, and Greeng, all juniors.

The game will begin at 7:15 in order to be completed in time for spectators to attend the Murray-Arkansas State College game in the college health building at 8:15.

Murray High Tips Fulton by 25-15

Although Dalton, guard for Fulton, was the only person who left the game through personal fouls, three Murray players and an identical number of Fulton contestants lacked only one personal before being disqualified when the game closed.

Murray 25 Pos. Fulton 15
Fair 2 F Burton 6
Kings 5 F Crawford 2
Gardner 8 C Lee 2
Farley 4 G Dalton 5

Across the River

Some how, can't find time to sit and muse like I once did, so my writing has to suffer.

Haven't we had weather to remember? All that prefer great yawning fireplaces can have them for my part. I like to see the fire, but I also like to warm all around instead of bake in places while cold chills run up the opposite side, so I'm appreciating a stove.

Haven't heard of much happening lately. Everybody seems to have had car difficulty lately and the Concord garage has been a much sought after place.

That reminds me. Readers, to save my patience and temper we want a shower! Nothing fancy but an unusual shower down in the garage. What do we want? Bags—any color, size or shape to be used by little mechanic for mopping grease out of engines.

Seriously, he has used everything sparable, till I shut my ears when he asks "Have you any more rags?" So don't burn one just send it for the shower. Ha Ha!

This week will find the rural schools closing and the college semester ending. Linus Spiceland still drives to school from Concord and may enroll for another semester.

Several moves have been made in and around this community. Mrs. Emma Nance and daughters, Sally and Maud, arrived Saturday from Chicago to begin making preparations for renovating their Concord home.

Mrs. Lee Lovins is very ill at this writing and not expected to live. All her children are at home.

We went across the river Saturday night to find my fruit left in my abandoned house all frozen just as I expected and deserved.

A few marriages had taken place. Alton Cathey had married a sister of Jessie Boyd Phillips. Miss Ruby Lee Sills had married an Outland boy.

Mr. and Mrs. Henry Dawson of Linton were Sunday guests of Mrs. Gertrude Spiceland.

Well, I'm not in the mood for writing I believe. Well, till I'm in a dreamy, lonely or blue mood. —Chatterbox

The weather was said to be colder last week than it had been here for 40 years. (Why not our fathers furnish a little more goods so your little ones could be more comfortably clad?) Does it seem right to cater to style to the extent of helpless children suffering? Doctors condemn such styles from the standpoint of health. Yet all decades have catered to unwise fashions.

Stella Gossip

On January 19, 1940, the weather was below zero; January 30, 1937, Paducah completely submerged, water 14 feet deep—30,000 refugees left the city. Tommy Sammons, Red Cross representative called at our home the 26th, got \$2.00 gracious gift.

Snow and below zero temperature is of great benefit to farmers' land. Deposits nitrogen, potash beneath the frozen earth, and earth "pan" is dissolved. Are you listening?

Murray tobacco buyers bought some extrafine tobacco out Stella way. Brent Butterworth, Freeman Jones, Sam Christenberry and others sold their weed at 12, 16, 18 and 21 dollars a hundred pounds.

That tobacco was "dead" ripe at cutting time, was fired 30 days with wood, saw dust and water was used extensively to create a black steam. Calloway county tobacco is superior in quality and texture to any other in the "dark fired belt". Is the reason why?

I saw Mrs. Irene Cleaver in town Saturday p. m. She is the daughter of Mr. and Mrs. Louis Lawson of Mayfield. She took advantage of Ledger & Times' "Two years for \$1.00" and sent it to her mother and father. Irene is my niece. Now won't you be liked and send this newspaper to your kin, replete with little pleasure and usefulness?

L. H. Pogue will preach at Friendship Church of Christ Sunday at 10:45 and Coldwater at 2:15 p. m. Please be on time. It is better to be half hour too early than a minute too late. Last Saturday, Bro. Byron Henry missed railroad train at Waverly, Tenn., by 3 minutes. That was plenty!

Getting to church too late causes people to turn and look back, like Punch and Judy. Editor Perry Melan, of Brownsville, wrote a history of past and present newspaperdom of Murray. Fine, you betcha. Yes I distinctly remember about editors that have come and gone, but I go one more backwards. It was about 1883 before Murray had fire and water machines (to extinguish fires). I subscribed for Otha Williams' newspaper, received numbers, then the West side of court square, "Rat Row", caught afire and burnt out the entire row. Nothing left but ashes. Mr. Williams went to Paris, Tenn., "a can't help-it bankruptcy". That was the first burnout. Ask John W. Holsapple of Temple, Tex. About 1895 a hauled a load of firewood to Murray and traded it to Billie Wear for a year's subscription to Calloway Times. When John W. Melan was editor of Ledger, my good friend Jim M. Bailey of Coldwater, sent in an article against prohibition of whiskey traffic. Right there and then, he and I

engaged in a written debate through the paper. Funny thing, Jim "afforded" a negative. At that time I lived near Murray. My non-de-plume was "Ivanho", his was "Close Observer". He thought I was Preacher Owen Hargrove. Sure was unique—gas and wit.

Be not unkindful of the fact that when people grow old(?) they are awful absent-minded. I got up Friday morning put on my vest wrong side out, went into the smoke house after hammer and nails and clear forgot what I wanted. When the zero weather was about, Booker Guthrie went to the barn to strip tobacco with one overshoe on. He had left the other one at the house. Forgot! FIRST CHRISTIAN CHURCH

A. V. Havens, Minister

"On Being Lost" will be the sermon subject of A. V. Havens, minister of the First Christian church, at the morning worship service, next Sunday, in announcing the sermon, Mr. Havens observed, "Many religious terms of yesterday need a fresh interpretation due to the fact that they have a vital meaning for today's man-on-the-street and have become platitudinous and mere cant. For instance, when people are lost, in the religious sense, what does that mean? Is there any great significance attached to it? Does it have any definite bearing on the present or only on the hereafter? This sermon," Mr. Havens stated, "will seek to give a fresh study of Jesus' thought on the subject."

The service will begin at 10:30 Sunday morning. The chorus choir, trained under the direction of Prof. L. R. Putnam, will present one of its soul-inspiring anthems.

Mrs. G. T. Hicks will speak at the Sunday night church service, which will be in charge of the Woman's Missionary Society, in observance of the annual Woman's Day. A special musical program, in keeping with the occasion, will be featured. An offering for world-wide missions will be taken. The service will begin at 7:30.

The Sunday School, led by Superintendent R. L. Wade, will begin at 9:30, Sunday morning.

The Junior Christian Endeavor Society will meet at 6 o'clock, Sunday evening, in the children's department. The Intermediate Society will meet at 6:30. The Young People's Society of Christian Endeavor will meet in the young people's parlor, at 6:30. These are meetings where the young people and children are able to express themselves in their own way. Their own ability is developed. Informal fellowship of the most wholesome type is enjoyed by all.

The Mid-Week evening will be held Wednesday night at 7:30.

Training Union meets at 6:15 every Sunday evening with a well thought out program and attractively arranged. The studies are all genuinely Bible studies and teachers within our denomination. These studies cover the entire range of Bible doctrines and church activities.

Mid-Week services Wednesday evening at 7 o'clock. This meeting is really the spiritual thermometer of the church's life. Come thou with us, bring your family—your neighbors and friends, and join us in an old fashion meeting where you will enjoy soulful singing of gospel hymns, testimony, requests for prayer, Bible study, and good helpful fellowship.

A brief but vital Bible study of the lesson for next Sunday, follows immediately the mid-week meeting.

FIRST BAPTIST CHURCH

A. V. Havens, Minister

"On Being Lost" will be the sermon subject of A. V. Havens, minister of the First Christian church, at the morning worship service, next Sunday, in announcing the sermon, Mr. Havens observed, "Many religious terms of yesterday need a fresh interpretation due to the fact that they have a vital meaning for today's man-on-the-street and have become platitudinous and mere cant. For instance, when people are lost, in the religious sense, what does that mean? Is there any great significance attached to it? Does it have any definite bearing on the present or only on the hereafter? This sermon," Mr. Havens stated, "will seek to give a fresh study of Jesus' thought on the subject."

The service will begin at 10:30 Sunday morning. The chorus choir, trained under the direction of Prof. L. R. Putnam, will present one of its soul-inspiring anthems.

Mrs. G. T. Hicks will speak at the Sunday night church service, which will be in charge of the Woman's Missionary Society, in observance of the annual Woman's Day. A special musical program, in keeping with the occasion, will be featured. An offering for world-wide missions will be taken. The service will begin at 7:30.

The Sunday School, led by Superintendent R. L. Wade, will begin at 9:30, Sunday morning.

The Junior Christian Endeavor Society will meet at 6 o'clock, Sunday evening, in the children's department. The Intermediate Society will meet at 6:30. The Young People's Society of Christian Endeavor will meet in the young people's parlor, at 6:30. These are meetings where the young people and children are able to express themselves in their own way. Their own ability is developed. Informal fellowship of the most wholesome type is enjoyed by all.

The Mid-Week evening will be held Wednesday night at 7:30.

"ALL FOR THE RED, WHITE AND BLUE"

Do you know the colors that never fade?

If not, it's the flag that Betty Ross made. We would fight proudly for our country so true. And we would give our lives for the Red, White and Blue."

The 13 stripes are for colonies so great. And the stars represent our 48 states. I'd give my life, wouldn't you? To save our flag, the Red, White, and Blue. I think our flag is best of all nations."

Betsy Ross must have had an education. To make a flag such a lovely hue. She made for America the Red, White, and Blue. I hope some day that I may be known as Betsy Ross of today. And do something for my country too.

That will be as great. As the Red, White, and Blue. Written by Geyendolyn Marie Hawks, Hazel High School, 8th grade.
